How does passport work?

Step 1: Pay with your NW Preferred Visa Credit Card

Step 2: Receive the Passport Unlimited savings immediately!

Remember, Passport is not a one-time deal. You will receive the discounts every time you use our credit card at participating merchants. For example, you could go to your favorite Passport restaurant for breakfast, brunch, lunch, dinner and 4th meal all in the same day and receive your complimentary second entrée every single time!

So what's the catch?

There is none. Seriously! Passport costs you nothing and is included on all our credit cards. There are no hidden fees, no annual fees, coupons or points!

How many participating vendors are there?
